

DON'T CHOP THE BEES!

An Unofficial Minecraft Series | Ned and the Magic Book

This is Ned.

A bee zips

past his

lush bush.

Ned runs
past a lush
bush. 'Stop,
bee!' he
calls.

Ned spots a
bee nest with
fresh honey.

A bear spots
it as well.

Ned grabs
his axe. 'I
shall chop
it!' he yells.

Ned wants the honey. 'Hush, Ned!' says The Book. 'The bees shall wake and rush at you!'

'Use smoke,'
says The
Book. 'The
bees shall
rest. Then you
can take it all!'

Ned sets a
fire. Smoke
drifts up.
The bees
shall rest.

Ned shall cut
the hive.

Honey drips
out. 'Dash!'

yells The
Book.

Ned rushes back in. He makes his own hive. 'I wish for my own bees!' he says with a grin.

Ned plants
a rose bush.
He sets the
hive on the
grass.

Ned holds
up a rose.
Bees rush
to it. They
go with him.

The bees like
Ned! They
crash on his
nose. Bees
get in his shirt!
Ned runs off.

Don't Chop the Bees!

Ned spots a bee buzzing past a lush bush and just has to know where it lives. But when he finds a nest full of fresh, golden honey, will he listen to The Book's warnings, or grab his axe and charge in? And what happens when his new bee friends love him a little too much? A bold, buzzing adventure full of sticky surprises! This decodable reader practices the sh phonogram in words like 'bush,' 'fresh,' 'hush,' 'rush,' and 'shirt.'

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
