

Not My Best Socks!

Kate likes
socks. She
likes the
whole pile!

Her best socks
hide in a small
box. The rest fill
a huge one. She
holds the small
box close while
she peeks inside.

Alana tugs on
her cap while she
grabs two socks.
They do not
match. Her best
socks are gone,
so the hunt is on!

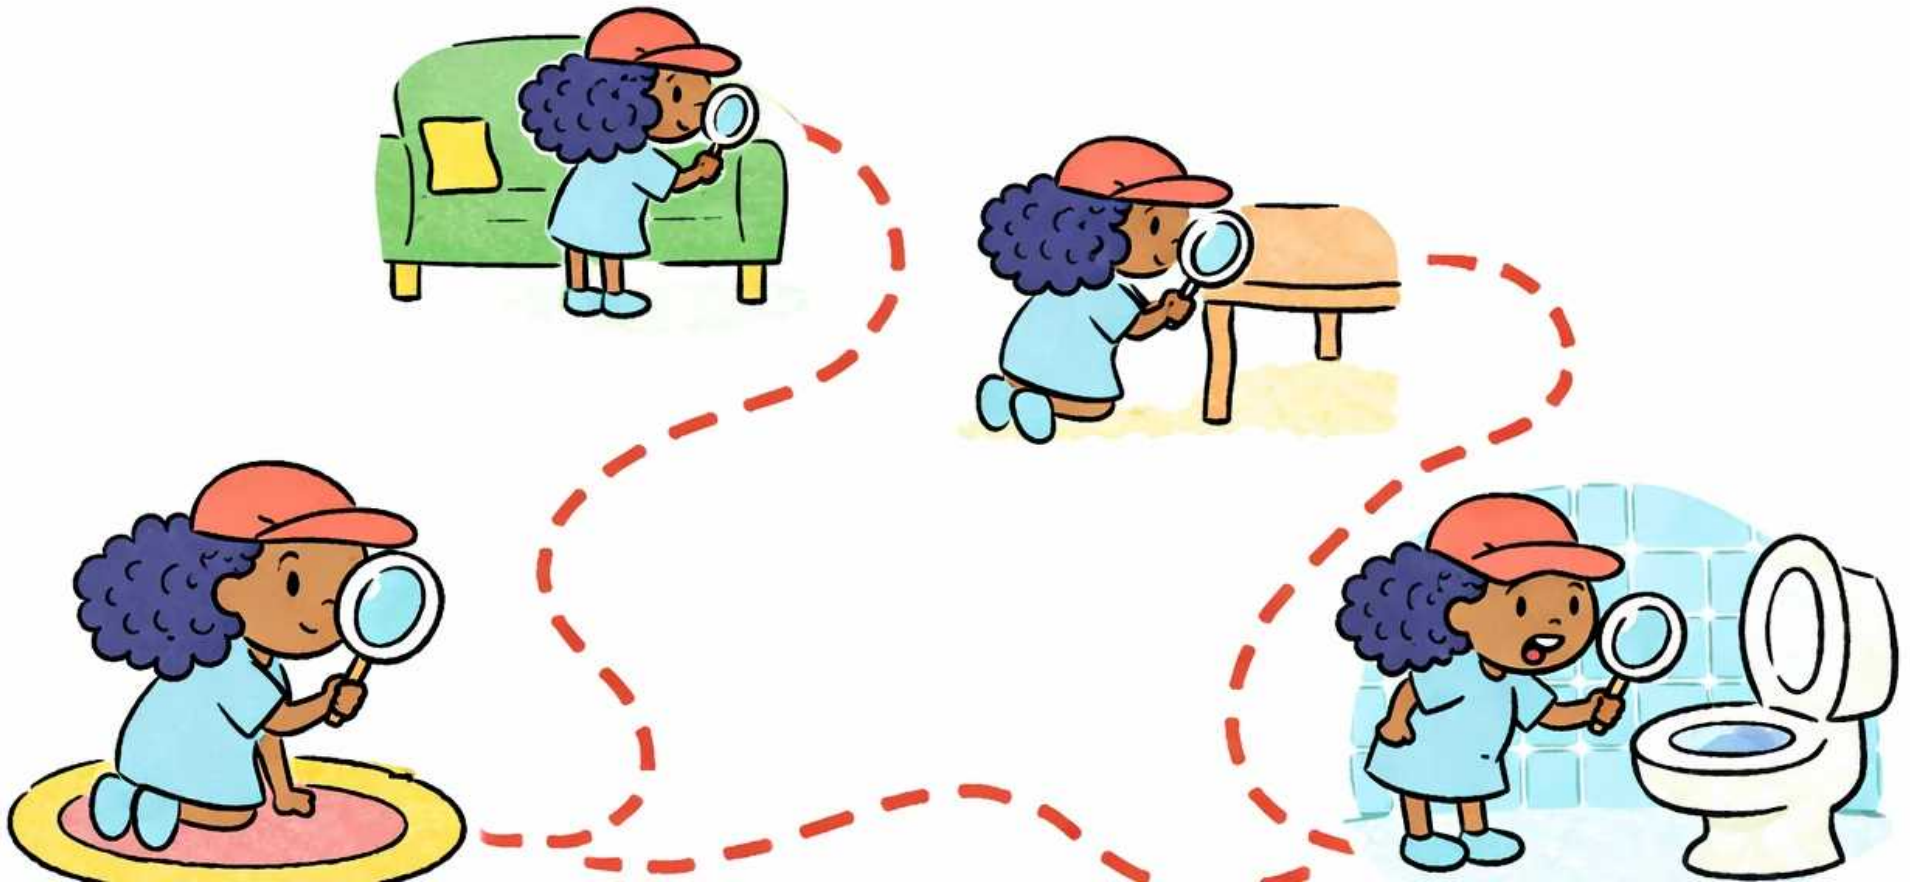

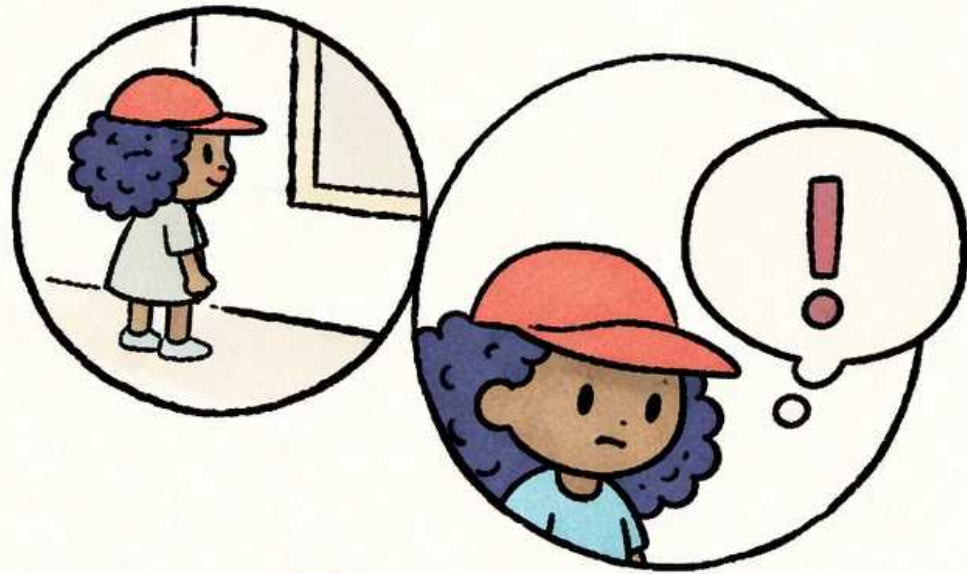

She thinks of
her best
socks. Pink
with spots.
Why are they
lost?

Where are the socks?

Kate checks each spot.

Kate spots a
pink scrap.

What a shock!

It is from

Kate's socks!

A path of
scraps ends
at Mom's
door. What is
Mom up to?

Alana runs
inside. 'Mom! My
socks!' But Mom
just sits and
smiles. What is
she making?

Whew! The doll has
a cap and frills. It's
just like Kate, but
small!

Kate hugs
Mom. 'The
doll is the
best! Which
sock is next?'

Kate tugs Mom
along. She
waves a sock.
'Dad's socks
have holes! When
can we make a
doll?'

Dad's socks
make a whole
pile of dolls!
Kate holds one
up and grins.
'Mine are next!'

Not My Best Socks!

Kate's best socks are GONE! Vanished from their special little box without a trace. Who would take them? And what is that trail of pink scraps leading to Mom's sewing room? Armed with her looking glass and two mismatched socks, Kate sets off to crack the case of her missing favorites. But when she bangs on Mom's door, the surprise waiting inside is not at all what she expected! This decodable reader practices the 'wh' sound in words like 'what,' 'when,' 'where,' 'whew,' and 'which.'

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
