

HOT or NOT

An Unofficial
MINECRAFT Book

Steve has
a fresh
catch. Is
the cod
hot?

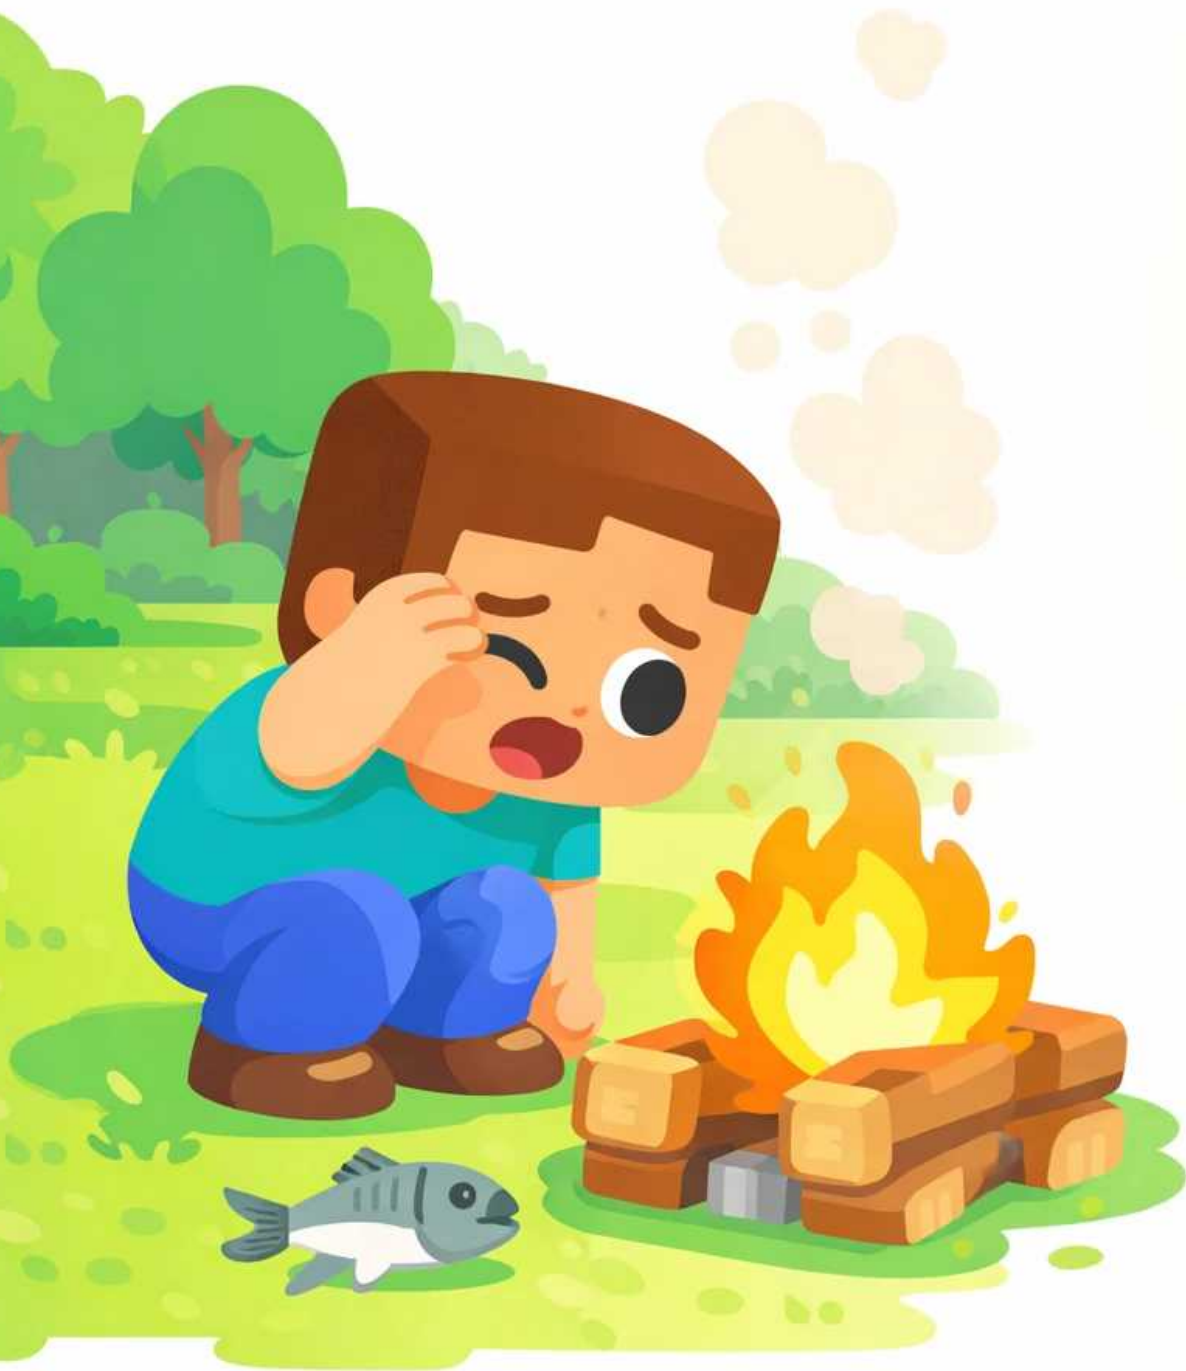

It is not.
He must
cook his
catch.

Steve treks
to a grass
patch. He
sets a pile of
logs on fire.

Steve
checks the
fire. Ouch, is
it too hot?

Steve drops
the cod in.
'Each side
must touch the
flame,' he says.

Steve
snatches the
cod out of
the fire. Ouch,
it is hot!

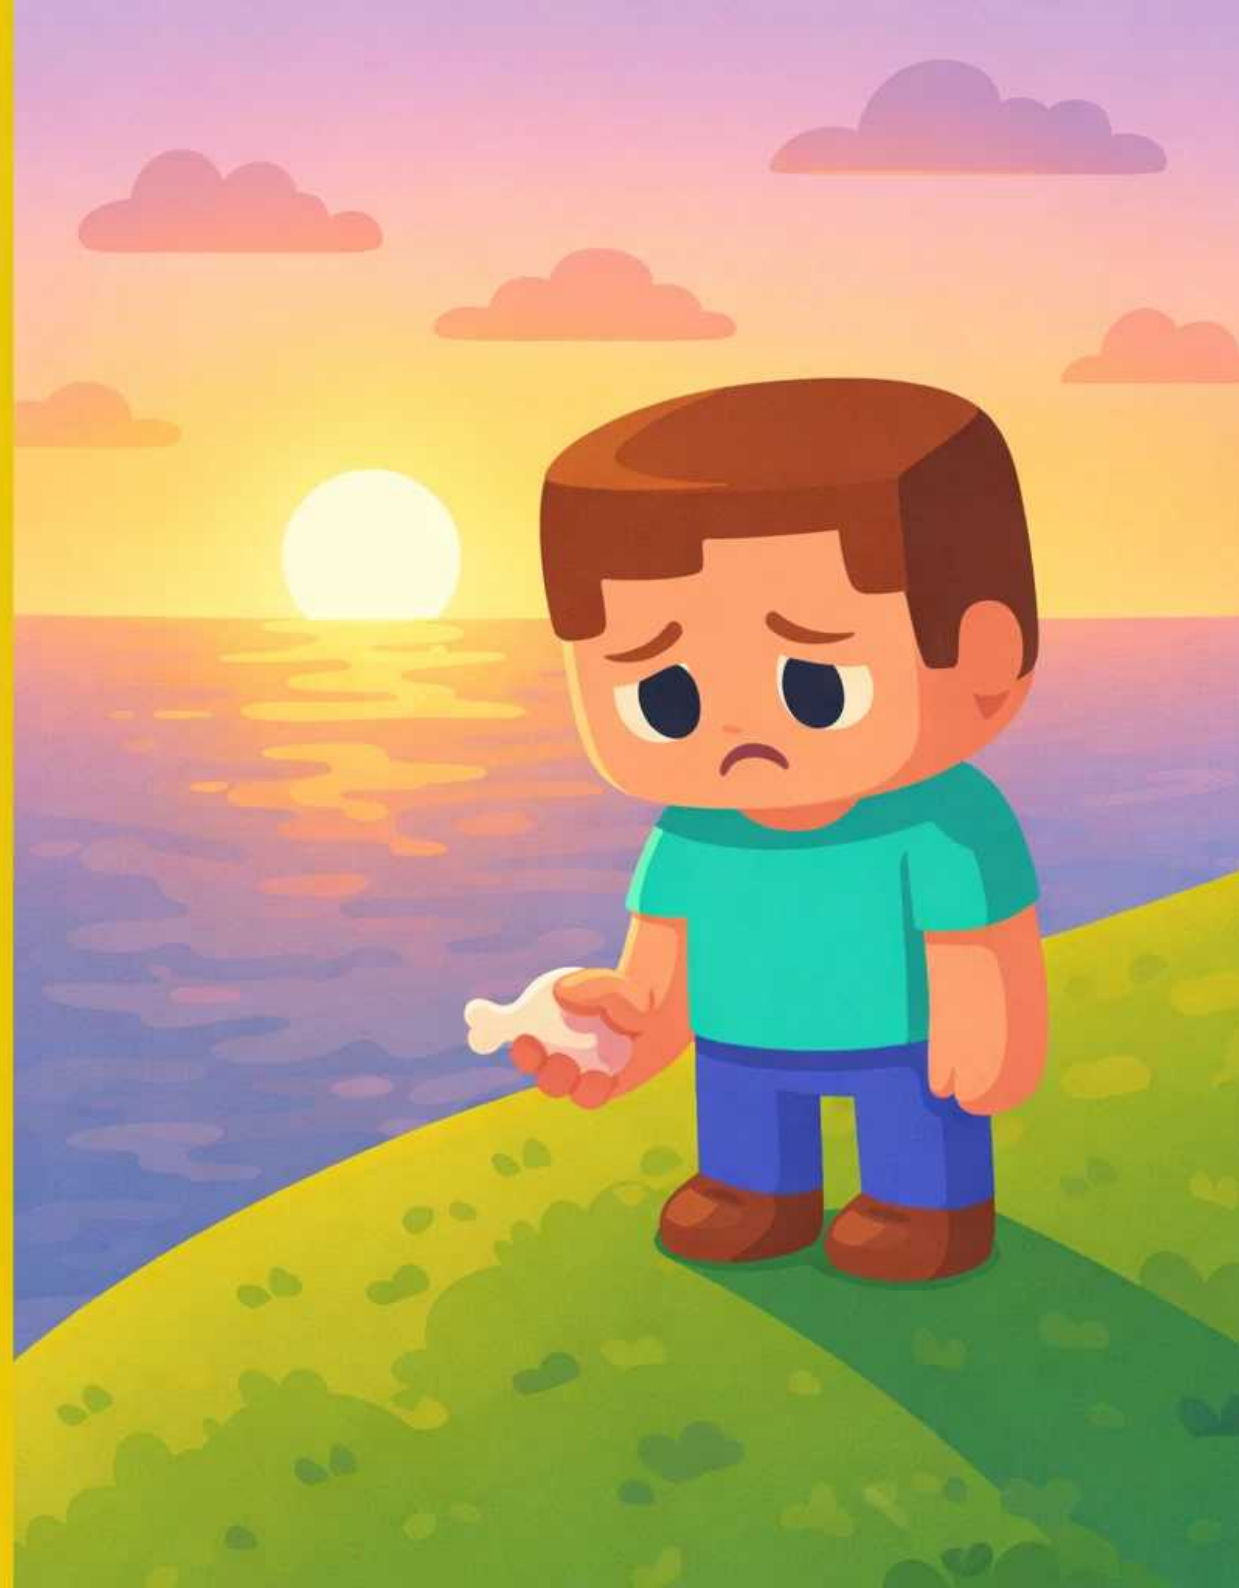

The next
day, Steve
has a chick
that he must
cook.

Oh no, not
much wood
in this patch.
There will be
no fire.

Steve is in
a bad mood.
He has not
had much to
eat all day!

Steve stops
with his chick.
'Hot!' he says.
'That is much
too hot!'

Ah ha! This
lava is hot.
Can he cook
his chick
here?

Steve chucks
in the chick.

Oh no, the lava
is much too
hot! Now the
chick is gone...

Hot or not?

Steve has a fresh catch straight from the sea, but ouch - it is cold and raw! Can he build a fire hot enough to cook his cod without burning his fingers? And when a raw chick turns up the next day with no logs in sight, what will our hungry hero try next? Join Steve for a sizzling, smoky adventure full of bright ideas and big mistakes. This decodable reader practices the 'ch' sound in words like 'catch,' 'chick,' 'much,' and 'touch.'

catch, checks, chick, chucks, each, much, ouch, patch, touch

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
