

AN UNOFFICIAL MINECRAFT SERIES

DR. CAN DO

HOW DID
MY MILL
COME DOWN?

Doc puts each plank up so high and proud. 'Best in town!' he yells out long and loud.

Jill holds her pick up and starts to frown. 'No need!' she tells the best in town.

The sun went down
with a soft glow.

Doc held the sails,
high not low.

Jill held a bowl of
rich brown chow.

'Eat up, Doc! Get
down now.'

A low groan rang out in the night. Doc crept out to check the sight. A steel beast went by, big and slow. Doc grinned. 'It is just you, I know.'

Doc got up and let out a howl. The sails lay wrecked! Jill gave a scowl. 'Did that steel beast throw them down low? How did they come down? I do not know!'

The house was fine, the barn safe and sound. No wind or rain had hit the ground. But the sails were thrown right down. 'Why just them?' Doc asked with a frown.

Plank by plank, they
set each beam. The
mill stood tall, just
like a dream.

No wind had **blown**,
no rain, no cloud.

'What took it **down**?'

Doc said out loud.

Whoosh! Doc sat up with a frown, as a big wind came howling down. He ran out and heard a growl. The sails spun with a loud yowl.

A man in dark robes
made a low bow. 'I
made the wind! Want
to know how?'

'Your mill is fun to
spin round and round!'
Now Doc knows just
what he has found.

How Did My Mill Come Down?

Dr Can Do has built the grandest windmill the town has ever seen - but when morning comes, the sails lie smashed across the lawn! There's no wind, no storm, no clouds in the sky, so who could have wrecked it? As Doc and Jill rebuild plank by plank, a strange howl rises in the night and the sails begin to spin. Will Doc catch the sneaky culprit in the act? This decodable reader practices the 'ow' sound in words like 'frown,' 'growl,' 'howl,' and 'brown.'

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
