

I THINK

I CAN HELP!

written by
BEL RICHARDSON

illustrated by
GERHARD VAN WYK

The bird lands. He wants to
make some pals.

Can he make a link with
one of these animals?

She is mad. She is not
a fan of the bugs by
her rump.

The bird takes care of it.
She wants to help him as
well. He will think of what
she can do for him.

The croc has a sore tooth. The bird tells him that he can get in there and try to help.

He went in. It stunk,
but he got a bit of
junk out. The croc
wants to help him as
well!

He wants to whip his tongue
back and get at a twig.

The bird came to help. He will
help the bird if he can!

She thinks that the
bird will pull a prank.
She is mad. She has
not had a bite to eat
all day.

The bird helps. She is
safe to eat. He wins
her as a pal as well!

He thinks. Oh! They can help.
They can tell him what they
think of his song.

Can we help?

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page **www.bookbotkids.com/free-books** from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at **www.bookbotkids.com**.
