Red, Sun, and Sky!

Red, Sun, and Sky are three dinosaur friends with one colorful job: paint the gray neighborhood bright! But what happens when red splashes into yellow, or blue swirls with sun? And why does Blue Dinosaur keep warning his friends not to mix all three colors at once? Will the dinosaurs dare to break the biggest rule in the sky? This decodable reader practices open syllables in words like 'fly,' 'my,' 'sky,' 'try,' and 'we.'
